Words from Ferrari McSpeedy.

Hi! Thanks for coming to our show!

Punk Rock Revisited tells the tale of a few friends from Omaha who move to Chicago to follow their dreams. Pretty neat, huh?

The show focuses mostly on the meaning of friendship and following your dreams. Do you have to leave your hometown to do succeed in life? Do you have to leave your friends? We don't know, but we might find out!

Throughout the show, Joe Ferrari and Michael McSpeedy will be playing 20+ characters. Be ready for some action-packed awesomeness!

This is the second show in Ferrari McSpeedy's "Punk Rock Trilogy," but if you haven't seen the first, that's OK! Each stands alone.

Feel free to say "hi" to us after the show. We're from Minneapolis, so we don't know anybody. We'd like for that to change...
